

Thank you for downloading...
FerroWeathervanes.com Create-A-Vane.

We're doing something special with this. When you're finished drawing and coloring your own weathervane design, send in your best picture to us and we'll put it in the Kids & Vanes Gallery for the whole world to see your picture, or you can show your family and relatives what you have created!

When you are sure you have your best picture, you can mail it to:

Ferro Weathervanes
Kids & Vanes
29 Buttonwood St.
Bristol, RI 02809

Please include a self-addressed stamped envelope if you would like your picture back. When you send it, ask your parents to put it in an 8½ inch by 11-inch envelope so you don't have to fold it. ☺

Parent Stuff:

The picture will be added to the kids & Vanes Gallery within 2-3 weeks of receipt. When you send it in, on a separate piece of paper, please include your child's 1st name only, City and State. If you or your child would like an e-mail notification when it was added, please include the e-mail address on the separate piece of paper too. Please do not write this information on the picture.

DRAW YOUR OWN WEATHERVANE!

Using this compass set and base, draw your own weather-vane on top!

Print out as many copies as you need for all your new designs.

Send in what you think is your best drawing and we'll put it in our Kids & Vanes Gallery!

Enjoy!
